We are celebrating the LGBTQ+ community through Pride Month

An update on our composting journey

Introducing: Global Spotlight

Good deed of the day:

Take the time to express your appreciation for someone the next time you are feeling thankful.

Celebrating Pride Month through supporting the LGBTQ+ community

Recently, Global celebrated Pride Month by hosting a workshop and providing a donation to support the LGBTQ+ community in Chicago. On June 30th, Sebastian and Alexis were joined by Emma to lead a workshop on the history of Pride Month and to share more information about this month's sponsored non-profit, the Center on Halsted. The Center on Halsted is a community center, located in Chicago's Lakeview neighborhood, dedicated to empowering and securing the health and well-being of the Lesbian, Gay, Bisexual, Transgender and Queer community of Chicago. If you are interested in learning more about this non-profit, please check out this [short video](#).

Composting at Global... one snack at a time

Last month we shared the beginning of our journey to integrate Bokashi composting in the Naperville office. We would like to thank all of our employees for taking the time out of their day to be environmentally conscious and supporting this initiative. We would especially like to recognize Felix II for his work in the office and at home composting. We are now in the final phase of the Bokashi method and have placed the gathered and fermented compost in the soil. We know that food accounts for 20% of what Americans throw away and without the commitment of our employees, this nutrient rich soil would be another bag of garbage in a landfill. Three of our employees also compost at home and we would like to encourage everyone to consider composting at home as well. For more information on the Bokashi method of composting check out this [amazing resource!](#)

Global Spotlight: A new way to get to know Global

What is it that makes Global so special? Our people. That is why we are excited to announce that we will begin an employee spotlight starting in July. We want to highlight the amazing personalities of our company and share the things that make Global amazing. These spotlights will give us the chance to build team relationships and establish a Global community. If you are interested in being in the Global Spotlight please reach out to the CSR Coordinator, Alexis.
